

May 1, 2001

Dear Valued Customer,

Thank you for purchasing this additional option license for Kasenna™ MediaBase Network Edition for IRIX®. Expansion licenses are cumulative and may be scaled, along with your SGI™ server hardware, to increase the capabilities of your media server.

To add this expansion license to your MediaBase installation, you need to obtain a FLEXIm® license from SGI licensing. Please have your SGI sales order number for this upgrade, your SGI hardware serial number, and your Kasenna base-software serial number ready. Then contact SGI licensing at the following URL:

<http://www.sgi.com/support/licensing/>

You will then receive a permanent FLEXIm license to enable this product version.

For information about the portfolio of SGI support services, please contact your SGI sales office or visit our Web site at the following URL:

<http://www.sgi.com/support/>

We appreciate your business.

Sincerely,

The SGI Media Commerce™ Team
